Are You Smarter Than a 5th Grader? - Host Quick Guide

Setup:
 - Open index.html in browser.
 - Add teams (enter name, click Add).
 - (Optional) Upload a CSV question bank before starting.

Navigation:
 - Scoreboard: shows all teams and ladders.
 - Board: shows selected team's grade/subject grid.
 - Question: displays the active question fullscreen.
 - End: declares win/lose with team message.

Cheats:
 - Copy: copy teammate's answer (not guaranteed correct).
 - Peek: peek at teammate's answer (host reveals).
 - Save: save team from a wrong answer (once per game).

Safe Zones:
 - $1,000 and $25,000 are guaranteed safe levels.

Host Controls:
 - Move mouse to bottom to reveal host control bar.
 - From there you can jump between screens, toggle theme, or fullscreen.

Themes:
 - Classic: green chalkboard / wood trim.
 - Modern: blue gradient / sleek design.

End Game:
 - Winning team: popup 'We ARE smarter than a 5th grader'.
 - Losing team: popup 'We are NOT smarter than a 5th grader'.
